CAPITAL CITY
EXECUTIVES' ASSOCIATION
VICTORIA, BC • SINCE 1921

The Board of Directors is a dynamic group that meets monthly to jointly oversee the activities of the association including existing marketing initiatives. The Board measures the effectiveness of its organization by analyzing what business is being done between members, which companies are actively promoting themselves and providing business leads to others.

The Board organizes and provides professional speakers. Topics include current affairs; economic updates within Canada and abroad; as well as how business develops and evolves.

The Board arranges social events for the months that have 5 Tuesdays. This has created a close-knit community that supports members personally as well as professionally.

CAPITAL CITY
EXECUTIVES' ASSOCIATION
VICTORIA, BC • SINCE 1921

The Capital City Executives Association is a premiere club of business leaders.

Membership in the Capital City Executives' Association is an opportunity to increase your sales and build your business with other business leaders.

Meeting the first and third Tuesday of each month, Association members share business leads with one another and work to find ways to help each other's business grow.

CCEA OVERVIEW

The Capital City Executives Association, established in 1921, is a premiere club of business leaders.

While our foundation is a leads based B2B organization, we focus on building solid business relationships, developing strong presentation skills and beoming proficient networkers. We invite you to connect with high level decision makers and exchange business ideas with some of Victoria's most influential business leaders. Meeting the first and third Tuesday of each month, Association members share business leads with one another and work to find ways to help each other's business grow.

Meetings are held over the lunch hour at the Union Club of British Columbia. Leads are shared amongst members at every meeting and members are given an opportunity to spotlight their business to the group during at least one meeting per year. In addition, we have business improvement focused presentations from guest speakers.

Membership in Victoria's Capital City Executives' Association is "category exclusive." This means that only one business may represent any one category of business in the Association at any given time. As a result, members become the go-to businesses for other Association members through referrals and business conducted between members.

Association Members represent the peak of their respective organizational structures to ensure effective networking opportunities between decision makers. Membership provides immediate opportunity to network with local business owners, senior managers and professionals.

In addition to direct business building activities at luncheons, the Association provides an opportunity to build relationships with fellow members via various attendance-optional social events throughout the year.

Join us for lunch to see if we are a fit.
