

Procedure for Proposing a New Member

1. Confirm with the membership director that the guest is eligible for membership in the CCEA and register for lunch attendance as per the Guest Procedures.
2. The cost of the first lunch visit to CCEA is covered by the club.
3. Should a potential new member wish to attend a second meeting before applying for membership, the cost of the lunch will be charged to the host member (and can be recovered from the guest if the member so wishes).
4. A potential new member may attend up to two (2) meetings prior to their membership application approval.
5. Guests are not permitted to distribute business materials to the members until after their application for membership in CCEA has been approved.
6. In addition to the application forms provided by the CCEA, a short biography is requested from all proposed new members for review by the Board of Directors.
